## INDEPENDENT AUDITOR'S REPORT

To the Telecommunications Commission Solomon Islands.

# Report on the Audit of the Financial Statements

## **Opinion**

I have audited the accompanying financial statements of the Telecommunications Commission Solomon Islands ("the Commission"), which comprise the statement of cash receipts and payments as at 31 December 2016, the statement of comparison of budget and actual amounts, and notes to the financial statements including a summary of significant accounting policies and other explanatory information.

In my opinion, the accompanying financial statement presents fairly, in all material respects, the statement of cash receipts and payments of the Commission for the year ended December 31, 2016 in accordance with International Public Sector Accounting Standard (IPSAS) Cash Basis.

## **Basis for Opinion**

I have conducted the audit in accordance with International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of the financial statements section of my report. I am independent of the Commission in accordance to the ethical requirements that are relevant to my audit of the financial statements and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

# Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with IPSAS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Commission's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate or to cease operations, or has no realistic alternatives but to do so.

Those charged with governance are responsible for overseeing the Commission's financial reporting process.

# Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions or users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, international omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of
  expressing an opinion on the effectiveness of the Commission's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Commission's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions is based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Commission to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that I identify during my audit.

I also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all

relationships and other matters that may reasonably be thought to bear on my independence and where applicable, related safeguards.

# Report on Other Legal and Regulatory Requirements

I have obtained all the information and explanation which, to the best of my knowledge and belief, were necessary for the purpose of my audit.

In my opinion:

- i) Proper books of accounts have been kept by the commission, sufficient to enable statement of cash receipts and payments to be prepared, and
- ii) To the best of my knowledge and according to the information and explanations given to me the statement of cash receipts and payments give the information required by the Telecommunications Act 2009, in the manner so required.

My

Peter Lokay Auditor-General
