

Pacific Radiocommunication Workshop (PRW-18)

International Telecommunication Union (ITU) is organizing “*Pacific Radio communication Workshop 2018 (PRW-18)*” to be held in Honiara, Solomon Islands from 4 – 6 September 2018.

Objectives and Target:

The workshop is kindly hosted by Ministry of Communication and Aviation of Solomon Islands and is supported by Pacific Islands Telecommunications Association (PITA), Ministry of Science and ICT (MSIT)-Republic of Korea and Telecommunications Commission Solomon Islands (TCSI). The event aims to bring together senior level staff from policy makers, regulators, Industry and academia for discussions on key spectrum management issues, including but not limited to:

- *National Spectrum Management and Frequency Allocation Strategies for Pacific*
- *Trends in Spectrum Management*
- *International Radio Regulations*
- *Maritime wireless communication*
- *Spectrum pricing and award strategy to ensure a competitive and innovative market*
- *Spectrum Management systems automation (including SMS4DC and other SM systems)*
- *Half-Day workshop on SMS4DC: Introducing v5.1 of SMS4DC and launching of high resolution maps for Pacific*

Registration and other details of the event can be accessed through link [HERE](#).
